

Rep. Melancon talks to south Louisianians about the issues they are concerned about during a

I value the concerns of my constituents in south Louisiana and enjoy talking with you about the issues you care about. To better communicate with people throughout the Third Congressional District, I occasionally hold telephone town hall meetings with constituents. These meetings are an opportunity for south Louisianians to speak directly with me and voice their opinions.

If you are interested in joining a future telephone town hall meeting, please sign up for my Telephone Town Halls [here](#) and you will receive information on how to participate. Please make sure to include your telephone number (with area code) and email address so I can let you know about the meetings ahead of time. As a reminder, I respect your privacy and would never share or sell your personal information to anyone else.
